

April 14, 2017

Hon. Andrew M. Cuomo  
Governor  
Executive Chamber  
New York State Capitol  
Albany, New York 12224

re: Rejection of the Pilgrim Pipeline Project and Global Co. Albany Terminal Title V Air Permit Modification

Dear Governor Cuomo,

It is decision time on two potentially disastrous projects that could call Albany home, and which would further facilitate the transshipment of crude throughout our state.

An oil heating facility at the Port of Albany and the Pilgrim Pipelines both serve one purpose: moving crude oil through our communities and off to the global market as quickly as possible. The weight of these two proposals cannot be ignored, as the pipeline and the port are part of a grand scheme we can easily call “Oilbany.” Simply put, approval would stake the state capital's role as a global oil shipping hub for years to come.

We are calling on you to reject these proposals, and make our state a true climate action leader by moving us away from dirty fossil fuels of the past and towards a healthy, clean energy future.

Sincerely,

|           |             |                 |    |       |
